Let's Work Together to put this Nursery to the next level **KG1,KG2 School**

- ❖ Teachers and local members are positive to run this school if we work together with them
- ❖ Need to appoint the local body or work with some other register organization in that area.
- ❖ Other members need to take some time to visit the nursery while visiting to India to understand actual Scholl condition
- ❖ Closely monitor all the activity
- ❖ Get regular update from school teacher or call them once a week and get class update
